Dear Member

In 1928 a group of motorcycle officers founded the Municipal Motorcycle Officers of California Association. The goal of the Organization was to standardize traffic laws among the many cities and townships throughout the State of California and to promote traffic safety. Our members represent over 200 law enforcement agencies, including California Highway patrol and Deputy Sheriffs. In addition the Organization has Associate members that work in law enforcement and are non-motorcycle riding that engage in making or enforcing traffic laws. We also welcome members of the community as Honorary members.

The 2009 Edition of MMOC's "The Siren" magazine will soon be in production. Due to the overwhelming response of the "member's only" sponsor page in last years edition, the Board of Directors has decided to make it a tradition.

Please be a part of history and have your name and/or business listed in one of the longest published magazines in California.

Sincerely,

Gene Gray  
President
